1 Business Model Canvas (BMC) Guide

For EUNOIA Ideathon Participants

1.1 What is a Business Model Canvas?

The Business Model Canvas is a strategic tool that helps you visualize and develop your solution in a structured way. It consists of 9 building blocks that cover the key elements of any project or business idea.

Business Model Canvas

Business Model Canvas				
KEY PARTNERS	KEY ACTIVITIES	VALUE PROPOSITIONS	CUSTOMER RELATIONSHIP	CUSTOMER SEGMENTS
	KEY RESOURCES		CHANNELS	
COST STRUCTURE		REVENUE STREAM		

2 The 9 Components of the Business Model Canvas

2.1 Customer Segments

What it means: Who are you creating value for? Who are your most important users?

2.1.1 For your project, ask yourself:

- Who will use our solution?
- Are there different groups of students with different needs?
- Examples: First-year students, commuters, international students, all students on campus

2.2 Value Propositions

What it means: What value do you deliver to your customers? What problem are you solving?

2.2.1 For your project, ask yourself:

- What makes our solution different or better?
- What specific benefits do students get?
- How does it improve their well-being?
- Example: “Helps students find study buddies instantly” or “Provides healthy meal options in 5 minutes”

2.3 Channels

What it means: How will students discover and access your solution?

2.3.1 For your project, ask yourself:

- How will students learn about our solution?
- How will they access or use it?
- Examples: Mobile app, website, physical locations on campus, social media, email, posters, student orientation

2.4 Customer Relationships

What it means: What type of relationship will you establish with your users?

2.4.1 For your project, ask yourself:

- Will it be personal or automated?
- How will you keep students engaged?
- Will there be community building?
- Examples: Self-service app, peer support community, automated reminders, personal coaching, feedback system

2.5 Revenue Streams

What it means: How will your service be funded?

2.5.1 For your project, ask yourself:

- Will it be free for students?
- Who will pay for it? (University, sponsors, student fees, grants)
- Are there any premium features?
- Examples: University funding, sponsorships, grants, freemium model

2.6 Key Resources

What it means: What do you need to make your solution work?

2.6.1 For your project, ask yourself:

- Physical: Space, equipment, materials
- Human: Staff, volunteers, mentors
- Technology: Apps, websites, databases
- Financial: Initial funding
- Examples: Developers, campus space, ambassadors, material budget

2.7 Key Activities

What it means: What are the most important actions needed to make your solution work?

2.7.1 For your project, ask yourself:

- What activities must we do regularly?
- What are the core operations?
- Examples: App development, events, content, marketing, mentor training

2.8 Key Partnerships

What it means: Who can help you succeed?

2.8.1 For your project, ask yourself:

- Which campus departments support us?
- Are there clubs to partner with?
- External partners? (local businesses, NGOs)
- Examples: Student Services, IT Dept., Health Center, restaurants

2.9 Cost Structure

What it means: What are the main costs of your solution?

2.9.1 For your project, ask yourself:

- What do we need to spend upfront? (app development, initial equipment, setup fees)
- What do we pay regularly regardless of usage? (monthly software subscriptions, staff salaries, space rental)
- What costs increase as more students use our solution? (event supplies per participant, food items, printing per user)
- Which costs are essential vs. nice-to-have?

3 BMC Scoring in the Ideathon

Your BMC is worth **up to 10 bonus points**:

- **+10 points:** Complete BMC with all 9 components thoroughly filled
- **+7 points:** 7–8 components well-developed
- **+4 points:** 5–6 components addressed
- **0 points:** Fewer than 5 components
- **-5 points:** Missing or extremely incomplete

Good luck with your Business Model Canvas!
